

RETIREE COUNCIL 21 Presents...
On Monday, June 1st

SNUG HARBOR
CULTURAL CENTER & BOTANICAL GARDEN

Our first stop on Staten Island. A 2 hour guided tour will take you on a slow walk through the Tuscan Garden and Villa which were modeled after the exquisite Villa Gamberaia in Florence, Italy. The Villa showcases exhibits on Italian art, design, and horticulture. We will then see the only authentic Chinese Scholar's Garden in the United States. Reflecting 18th and 19th Ming Dynasty design, this retreat was handcrafted by artisans from Suzhou City and features plants indigenous to China, waterfalls and quiet walkways.

CASA VERDE will be our destination for lunch. One restaurant reviewer described the food as 'old style Italian cooking.' Meal includes appetizer, pasta, salad, entree, dessert & coffee or tea.

HISTORIC
- RICHMOND TOWN -

Richmond town was the seat of government for the 'forgotten borough' until Staten Island became part of New York City in 1898. A guided tour will give you a glimpse of rural life stretching as far back as the 1600's. The village also includes a museum with exhibits on American life through the centuries.
